

Statement of **RAM SINGH**, Candidate for
Member, San Jose City Council, District 2

Occupation: Professor/Regional Water Quality Board Member

Education and Qualifications:

I, Ram Singh, have lived in our community for forty years and am fully familiar with the issues confronting San Jose. I have been a Civil Engineering professor at SJSU and have protected the public interest through service on local and State commissions and boards. Based upon my professional expertise and knowledge of the environment, Governor Schwarzenegger appointed me to our Regional Water Quality Control Board.

With your trust I will work to:

Keep government open, honest and accountable;

Maintain San Jose's status as the center of technological innovation;

Protect our environment and natural resources;

Stop overcharges for water, sewer and essential City services;

Prevent tax and fee increases and eliminate overspending;

Support schools, community initiatives and efforts to reduce crime;

Involve neighborhood associations in planning and decision-making.

I am uniquely qualified to serve the residents of District 2 and will bring much needed expertise to the problems we face and the opportunities we have. As your representative on City Council, I pledge to serve faithfully and ethically, working with community leaders and council members to benefit our residents, our economy and our environment.
